## Frequently Asked Questions about Sensiderm® Omega

### What is Sensiderm® Omega?

Sensiderm® Omega is a complementary feed formulated specifically for dogs and cats to support skin health. It provides essential nutrients that help protect and strengthen the skin barrier and contribute to a lustrous coat.

### Who should use Sensiderm® Omega?

Sensiderm® Omega is suitable for both dogs and cats of any breed. It is particularly beneficial for pets with skin sensitivities, those requiring enhanced coat care, or animals prone to skin reactions.

### What are the key ingredients in Sensiderm® Omega?

The key ingredients in Sensiderm® Omega include:

- **Borage Oil:** Provides gamma-linolenic acid (GLA) and linoleic acid (LA), important omega-6 fatty acids.
- **Fish Oil:** Rich in eicosapentaenoic acid (EPA) and docosahexaenoic acid (DHA), crucial types of omega-3 fatty acids.
- **Vitamins and Minerals:** A blend of vitamins A, D3, E, B1, B2, B5, B6, and biotin, along with zinc, supports skin health and coat quality.

### How do I administer Sensiderm® Omega?

Sensiderm® Omega comes in a liquid form with a dosing syringe for ease of administration. For cats and dogs weighing up to 12 kg, administer 1 ml per day. For dogs over 12 kg, administer 2 ml per day. The oil can be given directly into the mouth or mixed with food. Always shake the bottle before use.

### What makes Sensiderm® Omega unique?

Sensiderm® Omega's unique formula is moderate in calories and provides a comprehensive mix of fatty acids, vitamins, and minerals to nourish different skin types. It is easy to administer thanks to its oral suspension format and appealing meat flavor.

### Is Sensiderm® Omega safe for all dogs and cats?

Yes, Sensiderm® Omega is safe for use in dogs and cats as directed by a veterinarian. If your pet has specific health issues or dietary needs, consult your veterinarian before starting any new supplement.

### How should I store Sensiderm® Omega?

Store Sensiderm® Omega in a dry place away from light and heat, preferably below 25°C. Keep the bottle in its original packaging to protect from light, and make sure the cap is tightly closed. The product can be used for up to 12 months after opening.

**Can Sensiderm® Omega be used with other supplements?**

Yes, Sensiderm® Omega can generally be used in conjunction with other dietary supplements. However, it's important to consult with your veterinarian to ensure that the combination of supplements is appropriate for your pet's specific health needs.

**Where can I buy Sensiderm® Omega?**

Sensiderm® Omega is available through veterinary clinics. Look for the GTIN code 3664499000506 to ensure authenticity of the product.
